

चौधरी फाउन्डेसनद्वारा वीर अस्पतालमा १८ शैयाको आईसीयू वार्ड स्थापना

२०७८ जेठ २७ गते २२:२७ मा प्रकाशित

चौधरी फाउन्डेसनले देशकै जेठो वीर अस्पतालमा आईसीयू वार्ड स्थापना गरि आज अस्पताल व्यवस्थापनलाई हस्तान्तरण गरेको छ । कोभिड-१९ को दोस्रो लहरबाट संक्रमित सर्वसाधारण नेपाली नागरिकको उपचारमा योगदान पुऱ्याउन फाउन्डेसनले वीर अस्पतालमा आईसीयू वार्ड निर्माण गरेको हो ।

चौधरी फाउन्डेसनका उपाध्यक्ष निर्वाण चौधरीले वीर अस्पतालमा आयोजित एक संक्षिप्त कार्यक्रम बीच कोभिड युनिफाइड केन्द्रिय अस्पताल (वीर अस्पताल)का प्रमुख कार्यकारी प्रमुख प्रा.डा.जागेश्वर गौतमलाई आईसीयू वार्ड हस्तान्तरण गरे । वीर अस्पताल, नयाँ भवनको पहिलो तलामा ९ शैया र दोस्रो तलामा ९ शैयाको

गरि कुल १८ शैयाको आईसीयू वार्ड निर्माण भएको छ । विश्व बजारमा उपलब्ध पछिल्लो पुस्ताको प्रविधि प्रयोग गरेर आईसीयू वार्ड निर्माण गरिएको छ ।

चौधरी फाउन्डेसनका अध्यक्ष विनोद चौधरीले सर्वसाधारण नेपाली नागरिकको उपचारमा सहज पहुँच भएको वीर अस्पतालमा आईसीयू वार्ड स्थापना गरि सम्पूर्ण नेपालीको सेवामा समर्पित गरिएको बताए । ‘कोरोनाबाट संक्रमित नेपाली नागरिकको जीवन रक्षा गर्नु अहिले हाम्रो सब भन्दा महत्वपूर्ण दायित्व हो । यसका लागि सम्पूर्ण नेपाली नागरिकको पहुँच रहेको अस्पताललाई सुविधा सम्पन्न बनाउनुपर्ने जिम्मेवारी हामीले बोध गर्छौं । र, आईसीयू वार्ड स्थापना गर्न वीर अस्पताललाई छाँड्नुको उद्देश्य पनि यहि नै हो’, अध्यक्ष चौधरीले भने, ‘कोरोना महामारीसँग हामी जुधिरहेको बेला प्रत्येक नेपाली नागरिकको जीवन उत्तिकै महत्वपूर्ण छ भन्ने कुरालाई हामीले बिर्सिनु हुँदैन । त्यसका लागि वीर अस्पताल जस्ता सार्वजनिक अस्पतालहरूको सेवा र पहुँच विस्तार गरिनु आवश्यक हुन्छ ।’

चिकित्सा विज्ञान राष्ट्रिय प्रतिष्ठान (नाम्स) का उपकुलपति प्रा.डा. देव नारायण शाहले कोभिड महामारीको संवेदनशिल समयमा वीर अस्पतालमा १८ शैयाको आईसीयू वार्ड निर्माणमा योगदान गरेर चौधरी फाउन्डेसनले समाजसेवामा उत्कृष्ट भूमिका निर्वाह गरेको बताए । कोरोनाका कारण क्रिटिकल अवस्थामा पुगेका सर्वसाधारण नेपालीको जीवन रक्षामा यो आईसीयू वार्ड वरदान सावित हुने विश्वास पनि व्यक्त गरे । ‘पैसा हातमा भएर मात्रै पनि यति छिटो समयमा आईसीयू निर्माण गर्न सम्भव थिएन । तर, चौधरी फाउन्डेसनको सक्षम व्यवस्थापनका कारण मात्रै यो सम्भव भएको हो’, प्रा. डा.शाहले भने ।

कोभिड युनिफाइड केन्द्रिय अस्पताल (वीर अस्पताल)का प्रमुख कार्यकारी प्रमुख प्रा.डा. जागेश्वर गौतमले कोरोना महामारीसँग जुध्न चौधरी फाउन्डेसनले पुऱ्याएको योगदानका लागि धन्यवाद दिँदै यसले आम नेपालीको उपचारमा ठूलो सहयोग पुग्ने बताए ।

चौधरी फाउन्डेसनले गत बर्ष कोरोनाको पहिलो लहरमा भेन्टिलेटर, पिसिआर रिएजेन्ट देखि पिपिई र स्वास्थ्य सामाग्री देशभरका अस्पतालहरूमा उपलब्ध गराएको थियो ।

यस अस्पतालमा अक्सिजन प्लान्टको पनि निर्माण भइरहेको छ । चौधरी फाउन्डेसनको समन्वय र नबिल बैंकको वित्तीय सहयोगमा अक्सिजन प्लान्ट स्थापना गर्न लागिएको हो । आगामी केही दिन भित्रै उक्त अक्सिजन प्लान्ट पनि हस्तान्तरण गर्ने लक्ष्य लिइएको फाउन्डेसनले जनाएको छ ।

CG Foundation's Vice-Chair Nirvana Chaudhary Hands Over 18-bed ICU Ward To Bir Hospital

CG Foundation's Vice Chair Nirvana Chaudhary Hands Over 18-bed ICU Ward To Bir Hospital Boon for Covid-19 Critical Patients

By [NEW SPOTLIGHT ONLINE](#)

June 10, 2021, 5:52 p.m.

Chaudhary Foundation today handed over the newly set up ICU ward at the country's oldest BirHospital to the hospital management. The Foundation has established the ICU ward to support the treatment of people infected by the second wave of Covid-19.

Nirvana Chaudhary, Vice-Chair of Chaudhary Foundation handed over the ICU ward to Prof. Dr. Jageshwor Gautam, Chief Executive Officer of Covid-19 Unified Central Hospital (Bir Hospital) amidst a program organized at Bir Hospital. A total of 18 ICU beds were set up with nine beds on the first floor and another nine on the second floor in the new building of BirHospital.

The ICU ward is equipped with the latest generation technology available in the global market. The hospital has recently started treating Covid-19 patients on these two floors.

Binod Chaudhary, Chairman of Chaudhary Foundation stated that the ICU ward was established at Bir Hospital to provide easy access to treatment for all.

"Our priority now is to save the lives of common people infected with the coronavirus. And, we realized the need to properly equip the country's most accessible hospital. This was the sole reason for choosing Bir Hospital," said Chaudhary, adding, "As we battle this pandemic, we should not forget that every life is important. Hence, it is essential to expand the services and access of public hospitals like Bir Hospital."

Prof. Dr. Dev Narayan Shah, Vice-Chancellor of the National Academy of Medical Sciences (NAMS) lauded the efforts of the Chaudhary Foundation in establishing the 18-bed ICU ward during such a critical time. He expressed his belief that the ICU ward will prove to be a boon for severe Covid-19 cases.

“Even with cash in hand, setting up the ICU ward in such a short time would not have been possible. But, this impossible feat was achieved through the competent management of Chaudhary Foundation,” added Dr. Shah.

Prof. Dr. Jageshwor Gautam, CEO of the hospital also thanked Chaudhary Foundation for this contribution and shared that this will be of great help in the treatment of common people.

During the first wave of the pandemic last year, Chaudhary Foundation had donated ventilators, PCR reagents, Personal Protective Equipment (PPE) and other health supplies to hospitals and health centers across the nation.

Today's event was attended by senior officials of the Ministry of Health and Population, Bir Hospital and Chaudhary Foundation.

Chaudhary Foundation handed over the ICU Ward within three weeks of signing the MoU with the hospital.

An oxygen plant is also being constructed at the hospital with the coordination of the Chaudhary Foundation and the financial assistance of Nabil Bank. Chaudhary Foundation hopes to hand over the oxygen plant within the next few days.

Chaudhary Foundation handed an 18-bed ICU ward to Bir Hospital

[Prabin KC - News](#)

June 10, 2021

The Chaudhary Foundation has established an ICU ward at the country's oldest Bir Hospital and handed it over to the hospital management.

The foundation has set up an [ICU](#) ward at Bir Hospital to contribute to the treatment of ordinary [Nepali](#) citizens infected with the second wave of [COVID-19](#).

Nirvana Chaudhary, Vice President of Chaudhary Foundation, handed over the [ICU](#) ward to Prof. Dr. Jageshwar Gautam, Executive Chief of Covid Unified Central Hospital (Bir Hospital) during a brief program organized at Bir Hospital.

A total of 18 [ICU](#) wards have been constructed with nine beds on the first floor and nine beds on the second floor of the new building of Bir Hospital.

The [ICU](#) ward has been constructed using the latest technology available in the world market. The hospital is currently treating patients with covid infections on these floors.

Chairman of the Chaudhary Foundation, Binod Chaudhary, said that an [ICU](#) ward has been set up at Bir Hospital, which has easy access to treatment for ordinary [Nepali](#) citizens, and is dedicated to the service of Nepalis.

“Our most important responsibility right now is to save the lives of [Nepali](#) citizens infected with corona,” he said. “For this, we have realized the responsibility of making the hospital accessible to all Nepalis.”

He said that it was necessary to expand the services and access of public [hospitals](#) like Bir Hospital.

Vice-Chancellor of National Institute of Medical Sciences (NAMS) Pvt. Dr. Dev Narayan Shah said that the Chaudhary Foundation has played an excellent role in social service by contributing to the construction of an 18-bed [ICU](#) ward at Bir Hospital during the sensitive time of the Kovid epidemic.

He said that this ICU ward is believed to be a boon in saving the lives of ordinary Nepalis who are in critical condition due to Corona. ‘It was not possible to build an ICU in such a short time

with money in hand, but it was possible only because of the competent management of the Chaudhary Foundation', Pvt. Dr. Shah said.

Chief Executive Officer of Covid Unified Central Hospital (Bir Hospital) P.D. Jageshwar Gautam thanked the Chaudhary Foundation for its contribution in combating the Corona epidemic and said that it would be of great help in the treatment of ordinary Nepalis.

An oxygen plant is also being constructed at the hospital. An oxygen plant is being set up with the coordination of the Chaudhary Foundation and the financial support of Nabil Bank. The target is to hand over the oxygen plant in the next few days.

The Chaudhary Foundation last year launched Corona's first wave of ventilators, PCRs, PPEs, and health supplies from Reagan to hospitals across the country.
